

UNMATCHED DURABILITY

VULCANIZED RUBBER SURFACES

Vulcanized Advantage

Consistent and reliable biomechanical and physical properties.

Thick Performance Layer

Slip-resistant performance layer designed to withstand rigorous, repetitive and high-impact strength conditioning drills and heavy equipment.

Impact Layer Underlayment

Proprietary, honeycomb-shaped construction provides superior protection against heavy impact. Glued down installation eliminates the chance of bacteria or mold growth in comparison to loose laid surfaces.

Non-Porous

Non-porous surfaces help improve overall hygiene by minimizing the risk of MRSA and other types of staph infections, as well as reducing odors.

Durability

Baselast EX offers the best shock absorption and durability in training environments. Optimum stability, comfort and performance during long, intensive training sessions.

Easy to Maintain

Simple maintenance; requires no finishes or coatings.

Greenguard Certified

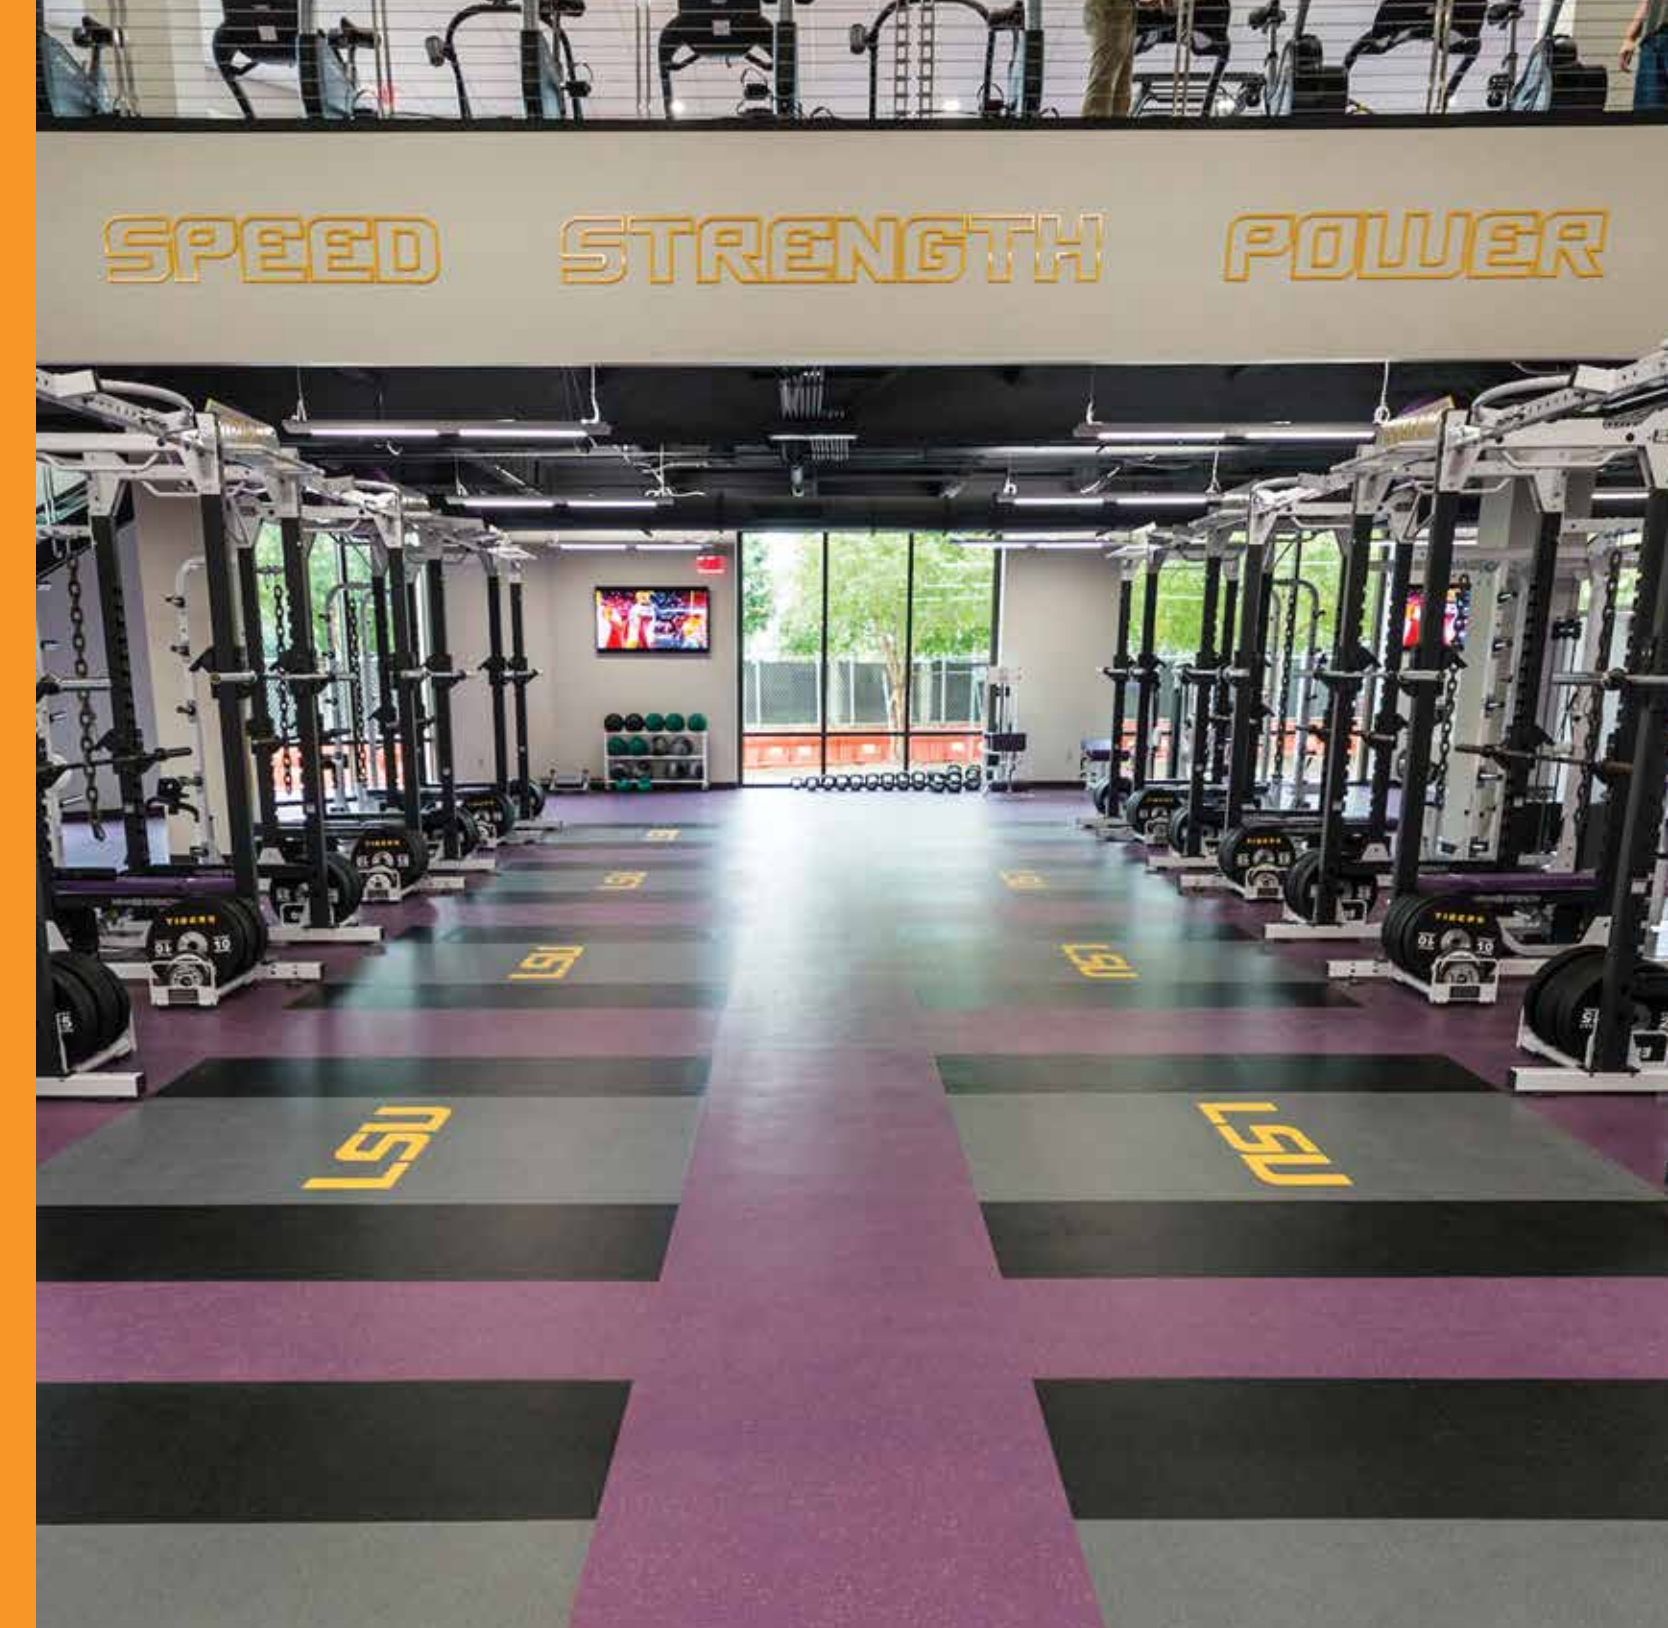

GREENGUARD Gold certified, the most stringent indoor air quality requirement testing. Mondo products limit emissions of more than 360 VOC's and total chemical emissions.

Printed in Canada - Rev. 04/2007

STRENGTH

Triple Durometer Construction

Dual durometer 6mm vulcanized rubber performance layer adhered to 12mm vulcanized rubber impact layer for targeted individual performance characteristics and added benefits.

Recognized by Athletic Associations:

MONDOARMOR Performance Layer

SPORT IMPACT Performance Layer

RAMFLEX Performance Layer

BASELAST EX Impact Layer

Health and Safety

- GREENGUARD Gold certified, the most stringent indoor air quality requirement testing
- 100% recyclable; contains post-consumer recycled content and rapidly renewable material
- Outstanding acoustic properties
- Meets ADA requirements
- Free of phthalates, PVC, isocyanates, formaldehyde, halogens and heavy metals
- Excellent fungal, bacterial and microbial resistance throughout

Performance Layer

- Ability to customize and choose from three types of durable performance layers
- Impact resistant surfaces for all types of intense drills and workouts

Grey G707	Blue G710	Marine Blue G986	Solid Black G790

Impact Layer

- Unique honeycomb-shaped base for optimum performance under impact.
- Unsurpassed anti-fatigue properties and controlled elasticity
